Read what Sarah writes about her school

My school is very modern. It has a library, science labs and a sports field. Many students go to my school. I have a lot of friends there. We talk together in the break and sometimes play games.

The teachers are really friendly and make the lessons interesting, but sometimes we don't pay attention and then they shout at us. The head teacher is more strict and is always angry with us when we are late.

We do many good projects at school and there are other activities after school. I am in the school band. We meet on Thursdays and we are preparing a concert for the end of term. This week we are having exams at school, so we are studying hard. We all want to get good marks!

Write True (T) or False (F).
