- Groups are given 20 cards from the 1<sup>st</sup> set of cards .SS learn the words in a time limit (let's say 10 minutes).
- Ss are given 4 cards with only the words and 4 with the definitions . In a time limit (30′′) they have to match them. When the time is over, Ss leave the cards on the table and the assistants check that their group has matched the cards alright, keeping a record of it. After checking, and at the sound of the bell, they pass the cards to another group, another 30′′and so on until the five groups are finished .So there should be one or two juries per group.
- The winner is the group which has matched the higher number of words and definitions.
