Erasmus Minus Bullying

Maike's nightmare

BUH!

EMB

This is Maike.
She's not looking happy
at all.

The girls standing behind
her are laughing about
her.

That happens every day...

The girl with the flower on the pullover is Beatrice.

She's the "leader" of the group.

She doesn't want anybody to become a friend with Maike ... and she always tells gossip and lies about her.

Maike dreams of being a happy girl with joy, friends and no trouble with anyone.

When Maike was younger she had a lot of fun with friends and hobbies and everything seemed to be perfect ... but then she came to the new school ..

Every night she sleeps bad and dreams of some monsters who attack and mock her ..
It's a really nightmare ...

What can she do ?

How can she let the monsters disappear ?

What can she do at school ?

Maike dreams of being a brave and tough warrior who easily can stop all attacks of her enemies.

But at the next day the nasty bullying attacks are starting again and even getting worse ...
