

OUR SCHOOLS LOCATION

If you wish to get an idea where our schools are go to the website <http://kh.google.com/download/earth/index.html> and download Google Earth. It's free.

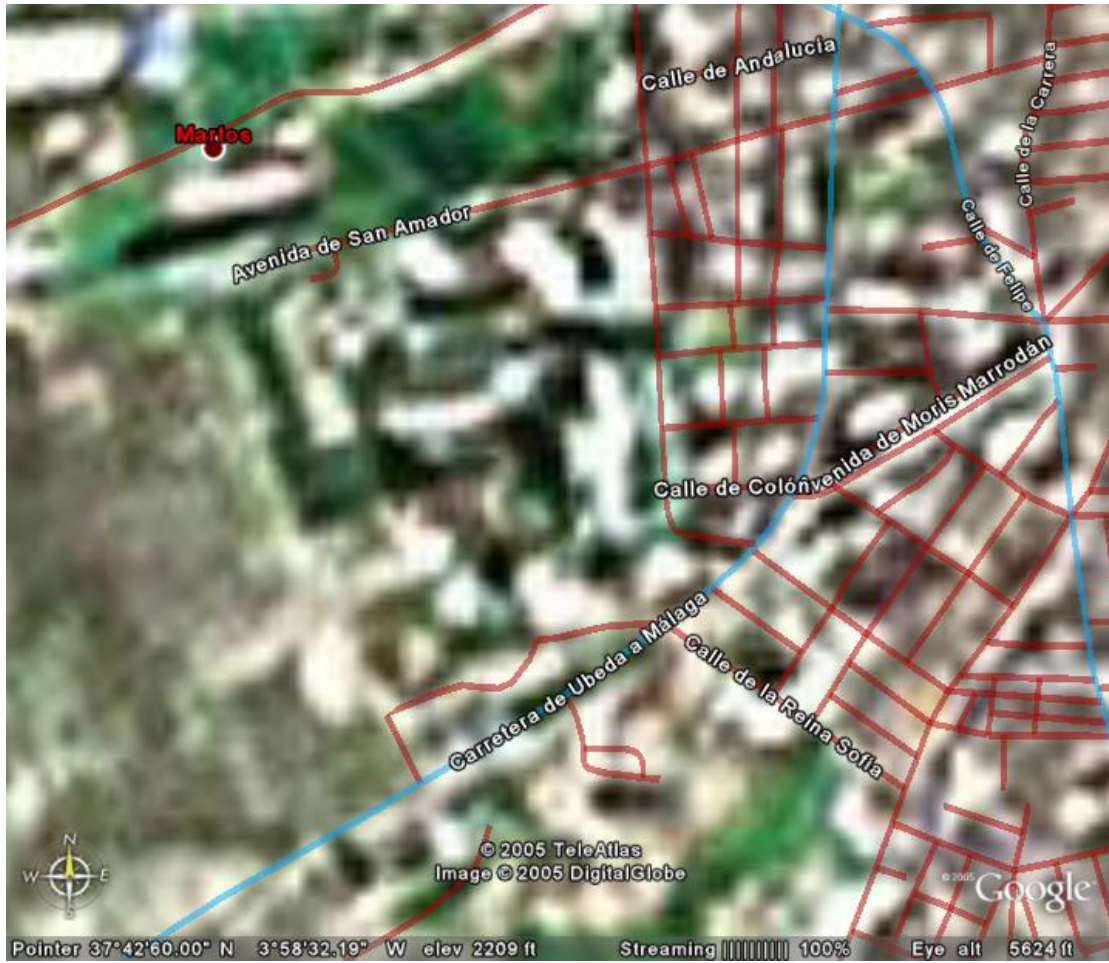

2nd Elementary School of Palaio Faliro, Athens, Greece

Type, Athens, Greece on the search window and you will get a map of the greater Athens, area. Palaio Faliro will appear on your left. Zoom in and move the picture accordingly so you will have a map of the streets of Palaio Faliro. Our school is on Achilleos street behind a brown, oval building that is the church of Virgin Mary. If you look at the picture there is a pin on it. (Sorry the streets on Google Earth are in Greek, you have to look for the word ΑΧΙΛΛΕΩΣ for the name of the street)

CEIP Tucci, Martos, (Jaén) Spain

Do the same procedure to find CEIP Tucci. Type Martos, Spain on the search window. A map of the village of Martos will appear. Zoom in and move the picture to find Avenida San Amador.

Enjoy the trip from the one side of the Mediterranean to the other.
Good Luck!
